# Martin Stadium **Renovation**

- Budgeted at \$42 million
- Will add upper level premium seating to the north side of the stadium, including luxury suites, loge boxes, and club seats.

# Martin Stadium **Renovation**

"On December 4, 2006, the long awaited renovation of the stadium began. I cannot begin to express how critical this project is to the future of Washington State University and WSU Athletics. The renovation will add to the vitality of not only the WSU football program and Cougar Athletics in general but the entire University."

—WSU Director of Athletics Jim Sterk

## Benefits of Renovation

**Ultimate Fan Experience at a Pacific-10 Conference University:** The full renovation of Martin Stadium will provide fans with additional and improved amenities, which will enhance the game-day experience. The renovation will produce an environment for one of the conference's - and nation's - best game-day experiences for college football.

**Cougar Football Competitiveness:** Martin Stadium holds such a prominent position in the middle of the WSU campus, so its appearance - its first impression, if you will - as a world class facility is critical. A showcase stadium located at the heart of the University's campus will serve as a powerful reflection of the quality of both Cougar football and WSU Athletics as a whole, which in turn will significantly bolster recruiting efforts.

**Contribute to Washington State University as a World Class Campus:** A renovated stadium provides a spotlight not only on the Athletic Department, but also on the University as a whole. The goal is to elevate the game-day experience to match Washington State's "World Class. Face to Face." reputation.

**WSU Athletics:** A renovation will help WSU maintain a more competitive position financially in the Pac-10 Conference and nationally, since premium seating, increased capacity, and related concession sales will provide additional operating revenue for WSU's Athletic Department. Renovating Martin Stadium is crucial in order for WSU to keep pace competitively with its Pac-10 counterparts.

### Phases I and II

Phase I of construction included the development of restrooms and concessions at the east end of the stadium and new restroom facilities on the south concourse. In addition, a plaza was developed as part of the east entrance and a new ticket office was constructed in the east end as well. Phase II included a widening of the north concourse, in conjunction with the development of new restroom and concession facilities. Phase I and II were completed for the start of the 2008 football season.

### Phases III and IV

Phase III will include constructing luxury suites, loge and club seats atop the north stands. Phase IV will include the construction of premium seating atop the east stand.

**Community:** Cougar Athletics is one of the largest economic drivers of the region. A visit to the renovated Martin Stadium provides a positive experience on game day; thereby promoting tourism, industry, and related direct and indirect economic benefits to local and surrounding regional businesses and community organizations.

# Cougar **Indoor Practice Facility**

WSU's Indoor Practice Facility features a full-sized football/soccer field, a six-lane 200m track and an eight-lane 60m sprint track. The climate controlled facility, nearly seven stories high in the center, is 131 yards long and 73 yards wide. Mondo Performance Super X covers the entire 87,000 square feet practice area, while a roll-out Astro-Turf surface converts the Cougar IPF for use by WSU football and soccer teams.

***“A trip to Pullman when the Cougars are winning can be a nightmare for the opposition.”***

## MARTIN STADIUM HISTORY

**NAME:** Clarence D. Martin Stadium and Academic Center  
**CAPACITY:** 35,117

### HISTORY

1892—Built as Soldier Field;  
1895 (November 9)—WSU defeated Idaho 10-4 in the first football game on Soldier Field;  
1902—The field was renamed Rogers Field in honor of the Governor of the State of Washington, John R. Rogers;  
1936—Washington State College built a completely new football stadium, but retained the same name; the new stadium was an all-wood structure built on concrete pilings. The field also featured new stands, an enlarged press box and an electronic scoreboard;  
1970 (April)—Fire destroyed the south stands; a one-million dollar fund drive began after the decision was made to rebuild the stands rather than relocate or build an entirely new stadium; Dan Martin, a Los Angeles businessman, gave \$250,000 to the project with the stipulation the stadium be renamed after his father, Clarence D. Martin. Clarence Martin was Governor of the State from 1933-40;  
1972 (summer)—first artificial turf (Astroturf) was installed;  
1972 (Sept. 30)—WSU met Utah in the first game played in refurbished Martin Stadium;  
1975—New north (student) stands were built;  
1978 (fall)—Work began on the academic portion of the complex on the south side with the computer center relocating to the complex upon completion of the project in 1979;  
1979 (January)—Another renovation of the stadium began to increase the seating capacity from 27,600 to 40,000; the floor of the stadium was excavated 16 feet to add 12,400 seats; the track was removed from the stadium and relocated to the Bailey Baseball Stadium area directly north of the football complex, while a new baseball stadium was then built just south and east of Friel Court, home of Cougar basketball; the entire project, like the one in 1970, was funded through contributions; gift-in-kind and the purchase of “stadium builder” seat options; it marked the first time a collegiate football stadium had been enlarged by digging down rather than building up; the project was also funded in part by the Martin family, with Charlotte Martin, widow of Dan Martin, giving \$250,000 to the project; a SuperTurf artificial surface was installed;  
1979 (October 13)—WSU celebrated Homecoming by defeating UCLA 17-13 before a record crowd of 32,651 in the first game played in the enlarged Martin Stadium;  
1990 (summer)—Installed the sand-filled Omni-Turf playing surface.  
2000 (summer)—Installed FieldTurf in Martin Stadium and on Rogers Field.  
2006 —Current stadium renovation began.  
2006 (summer)—Replaced FieldTurf in Martin Stadium  
2008 —Phase I and II completed.

**Martin Stadium, home of Cougar Football,** and the adjacent Rogers Field, WSU's practice facility, both feature FieldTurf, the closest artificial playing surface to grass. In 2000 WSU became just the second NCAA Division I team to install the latest innovation in artificial playing surfaces. During the summer of 2006 FieldTurf installed their latest product in Martin Stadium, providing WSU players with the very best playing surface available.

All students are encouraged to study abroad for a semester to experience life in another country. But you don't need to leave campus to find opportunities to learn about differences as there are numerous events, films, musicians, and speakers throughout the year that address issues of equity and diversity.

### *Office of the Vice President for Student Affairs, Equity and Diversity*

Given the importance of making WSU a welcoming and supportive place for everyone, the Office of the Vice President for Equity and Diversity was established in 2004 and then merged with Student Affairs in 2007. This office worked with students, faculty, and staff at all WSU locations to develop a university-wide Strategic Plan for Equity and Diversity. In accordance with this plan, goals have been established and work is underway to increase the diversity and retention rates among students and faculty, improve the campus climate for underrepresented students, infuse diversity into university leadership and management, provide increased educational/scholarship opportunities, and devise better methods of assessment and accountability for diversity progress. More information about the Office of the Vice President for Student Affairs, Equity and Diversity and the Strategic Plan can be found by visiting [www.diversity.wsu.edu/](http://www.diversity.wsu.edu/).

# Cougar Student-Athlete Development

## Student-Athlete Development

Our Student-Athlete Development unit initiates support for academic and personal success during on-campus recruiting visits with prospective student-athletes, and continues providing support and services until student-athletes graduate from WSU. Our student-athlete development staff is committed to developing and implementing comprehensive and effective programs to assist student-athletes in identifying and meeting their academic and career goals leading to graduation and career development. We take a "life skills" approach when assisting student-athletes with class selection, major selection, graduation planning, career development, time management, goal setting, study skills, and learning strategies.

Our focus is the student-athlete and his personal development. We reinforce the value of maximizing the educational and career opportunities at WSU. And, most importantly, our staff emphasizes the importance of student-athletes taking personal responsibility and ownership in developing their academic and career plans. Our 93 percent graduation rate for those seniors who have exhausted their eligibility (over the past 10 years), second among all Pacific-10 Conference schools in that time, reflects our consistent commitment to academic success while striking a balance between academics and athletics.

## Outland Trophy Winner

88  
RIEN LONG

### THE OUTLAND TROPHY

Rien Long became Washington State's first national individual award winner in 2002, winning the prestigious Outland Trophy at the ESPN College Football Awards Show held in Orlando, Fla.

The Outland Trophy is presented by the Football Writers' Association of America each year to the nation's outstanding collegiate interior lineman. It was first presented in 1946 to John Outland, an All-American tackle at the University of Pennsylvania.

Long paved the way toward the honor by dominating the line of scrimmage throughout his junior season. The Anacortes, Wash., native was the national leader among defensive tackles in sacks (13.0) and tackles-for-loss (21.5).

Long's most impressive sequence of the season came in the overtime period of Washington State's 30-27, Oct. 5 victory over USC. On back-to-back plays, Long sacked eventual Heisman Trophy winner Carson Palmer for a loss of seven yards, then brought running back Justin Fargas down five yards behind the line of scrimmage to force the Trojans into an unsuccessful 52-yard field goal. WSU's Drew Dunning would win the game with a 35-yard kick three plays later.

Long's play became impossible to ignore Nov. 2 when No. 16 Arizona State and No. 8 WSU clashed for the outright lead in the Pac-10. Once again, Long was a disruptive force, compiling four tackles-for-loss and three sacks in a 44-22 win that catapulted the Cougars toward the Pac-10 title and a trip to the Rose Bowl.
