### *A friendly environment*

The Pullman campus straddles College Hill in Pullman, a college town of 25,000 located among the rolling hills of the Palouse region of eastern Washington. The University is the largest residential university west of the Mississippi, which enhances the friendly, traditional collegiate atmosphere for which WSU is known.

WSU is located within easy traveling distance of Spokane and Coeur d'Alene to the north. Seattle and Portland are less than 300 miles to the west.

## *World class. Face to face.*

At Washington State University you will work face to face with world-class professors. *It's a refrain repeated by  
alumni time and again:  
WSU professors were their  
inspiration and their friends.*

*Enter the future with the confidence  
that comes from real preparation.*

As an athlete, you know that if you've practiced hard you feel more confident for a big game. At WSU, the education you receive, together with the programs available and great faculty, provides you with that same confidence for the biggest game of all—your future. The education gives you the skills to be critical thinkers and initiators, important skills in any endeavor you decide upon. Students can immerse themselves in a variety of learning situations, ranging from high levels of interaction with professors to hands-on research projects and community and public service activities. The newest technology, numerous leadership opportunities, and study abroad programs further enrich the WSU college experience.

## *Dedicated to diversity*

Washington State University seeks to enrich every student's educational experience through exposure to different cultures, philosophies, and scholarly perspectives. This atmosphere of interchange and inquiry is fostered through various campus programs, diversity in the curriculum, and comfortable places around campus to meet and talk with students with different backgrounds. All students are encouraged to study abroad for a semester to experience life in another country. But you don't need to leave campus to find opportunities to learn about differences as there are numerous events, films, musicians, and speakers throughout the year that address issues of equity and diversity.

### *Office of the Vice President for Student Affairs, Equity and Diversity*

Given the importance of making WSU a welcoming and supportive place for everyone, the Office of the Vice President for Equity and Diversity was established in 2004 and then merged with Student Affairs in 2007. This office worked with students, faculty, and staff at all WSU locations to develop a university-wide Strategic Plan for Equity and Diversity. In accordance with this plan, goals have been established and work is underway to increase the diversity and retention rates among students and faculty, improve the campus climate for underrepresented students, infuse diversity into university leadership and management, provide increased educational/scholarship opportunities, and devise better methods of assessment and accountability for diversity progress. More information about the Office of the Vice President for Student Affairs, Equity and Diversity and the Strategic Plan can be found by visiting [www.diversity.wsu.edu/](http://www.diversity.wsu.edu/).

## Anne McCoy

### Senior Associate Director Of Athletics/SWA

Veteran intercollegiate athletics administrator Anne McCoy has served Washington State University since 2001 and was promoted from associate director to senior associate director of athletics in 2004. Her appointment to senior woman administrator came in the summer of 2007.

In her capacity as senior associate director of athletics, she is charged with overseeing all aspects of WSU's athletic budget and supervises several areas with the department including the business office, equipment, computer and football operations, and event management and facility operations. She also serves as a liaison for men's and women's basketball.

McCoy serves on several Pacific-10 Conference committees, including the Executive Committee as vice-president for the Pac-10 Council, chair of the Senior Woman Administrator Committee and

on the Compliance and Enforcement, Awards Review, Medical Care, and Student-Athlete Advisory committees.

A Wisconsin native, McCoy earned a bachelor's degree in sports management in 1989 from the University of Massachusetts. While an undergraduate, she worked for the Pittsburgh Penguins professional hockey organization, expanding the club's season ticket base. McCoy also served an internship as the assistant athletic business manager at the University of Connecticut, and was instrumental in designing and implementing a comprehensive computerized budget-tracking system.

McCoy served in several capacities at the University of Maine from 1989-1995, lastly as associate director of athletics and senior woman administrator. At Maine, she supervised men's basketball, men's and women's soccer, men's and women's swimming and softball in addition to the athletic business office, ticket office, retail store and cheerleading staff and operations. She took a similar administrative positive at St. Louis University from 1995-96.

In 1996, McCoy moved west, joining the staff at Portland State University as associate director of athletics and senior woman administrator, and was promoted to senior associate director of athletics in 1998. At PSU, she managed all internal staff and the daily operations of the department, representing the director of athletics as needed. McCoy also supervised men's and women's golf, cross country/track and field, and women's volleyball, soccer, tennis and softball.

McCoy and her husband Brian have two children, daughter Taylor and son Jake.

## Jim Sterk

### Director of Athletics

Washington native James M. Sterk was appointed Washington State University's director of athletics in June of 2000. In his eight years, Sterk has seen unprecedented growth and success by the Cougars' 17 intercollegiate teams and 450 individuals who compete for WSU annually.

On the academic front, WSU earned 114 selections to Pacific-10 Conference All-Academic teams in 2007-08. That figure represented the most student-athletes to earn such an honor during an academic year in school history. WSU nearly reached this standard in 2005-06 with 109 selections to conference all-academic teams after setting the mark of 113 during the 2004-05 academic year.

On the field, Cougar Athletics has enjoyed extraordinary achievements highlighted by three consecutive 10-win seasons by the football program from 2001-03. Most recently, the men's basketball team has made back-to-back appearances in the NCAA Tournament (2007 & 2008), the women's rowing team made its second NCAA Championship appearance in three years, finishing eighth in 2008, following up its fourth-place finish in 2006, the highest finish ever by a WSU women's team in NCAA postseason competition.

Facility improvements have also been among projects Sterk has tackled. Following the 2006 football season, the initial phases of a renovation to Martin Stadium, the home of Cougar football, began with Phases I and II which were completed in time for the 2008 football season. Planned for completion in the fall of 2008 are a state-of-the-art rowing tank and a hydrotherapy to further meet the needs of student-athletes. In addition, plans are underway for an ambitious capital improvement plan that will enhance many other WSU athletic facilities.

A 1980 graduate of Western Washington University, Sterk received his master's degree in sports administration from Ohio University. His professional career has included positions at North Carolina, Maine, Seattle Pacific, Tulane and Portland State, the latter as director of athletics for five years before joining the Cougar staff.

The foundation of Sterk's leadership plan is based on five areas: the student-athlete experience, resource acquisition, personnel, political dynamics, and facilities. All five areas have enjoyed growth in his first eight years at Washington State University.

## Ken Casavant

Professor Ken Casavant, a member of the Washington State University family since 1967, currently serves as WSU's Faculty Athletics Representative to the Pacific-10 Conference and the National Collegiate Athletic Association. In 1979, Casavant received the R.M. Wade award for outstanding teacher in the college of agriculture at

# Cougar Student-Athlete Development

## Student-Athlete Development

Our Student-Athlete Development unit initiates support for academic and personal success during on-campus recruiting visits with prospective student-athletes, and continues providing support and services until student-athletes graduate from WSU. Our student-athlete development staff is committed to developing and implementing comprehensive and effective programs to assist student-athletes in identifying and meeting their academic and career goals leading to graduation and career development. We take a "life skills" approach when assisting student-athletes with class selection, major selection, graduation planning, career development, time management, goal setting, study skills, and learning strategies.

Our focus is the student-athlete and her personal development. We reinforce the value of maximizing the educational and career opportunities at WSU. And, most importantly, our staff emphasizes the importance of student-athletes taking personal responsibility and ownership in developing their academic and career plans. Our 93 percent graduation rate for those seniors who have exhausted their eligibility (over the past 10 years), second among all Pacific-10 Conference schools in that time, reflects our consistent commitment to academic success while striking a balance between academics and athletics.

# Why Washington

"I came to WSU for one reason, Matt Potter! Before my visit I was burned out and ready to hang up my cleats. Matt reminded me why I started playing soccer, for the love of the game. He made it fun for me again and definitely having the best teammates ever, made it easier. It's just a fun atmosphere to be in, the rowdy Pullman crowd and flying with the bald eagle assistant coach makes it all worthwhile."

—Junior Carly Dobratz  
Soccer

"I chose WSU because of the college atmosphere, it is a Pac-10 university, and the overall program's tradition."

—Senior Gary Rogers  
Quarterback, WSU Football

"Choosing WSU was easy. Not only did it allow me to play in any volleyball player's dream conference, but it gave me the opportunity to play with the support of a great family of teammates and coaches as well as the entire surrounding community. What more could a girl ask for?"

—Senior Brittany Johnson  
Left-Side Hitter, Volleyball

# State University?

"The moment I stepped on this campus, I knew that this is a place I could call home. I'm confident that my experience at WSU will be one of the most exciting times in my life. Everything from the campus size to the rolling hills of the Palouse are a perfect fit for me."

— Senior Katie Appleton  
Guard, WSU Women's Basketball

"While attending my first WSU football game on my recruiting trip, I saw a tight-knit student body supported by a community in a way that I had never seen before. Everyone was friendly and seemed to accept anybody as long as they were a Cougar. Before this, I had known Head Coach Walt Williams for a couple years, and had gotten to know him well. It was important for both my family and I to go to a college where I would be coached by someone who cared about my improvement as a player, a person and a student. Coach Williams showed these important qualities to me. It was because of these reasons why I chose to become a Cougar."

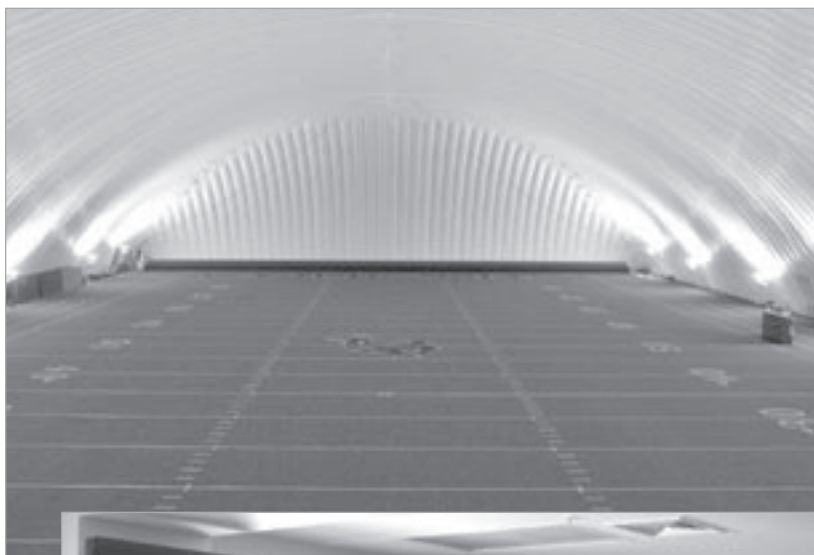

— Junior Nick Grigsby  
WSU Men's Golf

"I chose WSU because I not only wanted to be part of a team, I wanted to be part of a family. It was easy to see that everyone at WSU was going to be committed to providing me with the best student-athlete experience possible."

— Senior Daven Harmeling  
Forward, Men's Basketball

# Washington State Traditions

## THE COUGAR HEAD LOGO

In 1936, student Randall Johnson, class of 1938, designed the original Cougar head logo for Washington State College. It was used on the side of college trucks. In 1959, when the institution changed from college to university, he re-created the logo to incorporate the "U" in place of the "C." In 2002, WSU developed a new graphic identity. It employs the Cougar head within a crest, an internationally recognized symbol for higher education.

## THE COUGAR NICKNAME

Washington State University students officially adopted the nickname "Cougars" October 28, 1919, three days after a reference to "cougars" was used in a football game story following WSU's upset 14-0 win at California. In the story, a Bay Area writer said the Pacific Northwest team "played like cougars" in upsetting the Bears.

## THE VICTORY BELL

In the late 1800s, the victory bell was mounted on the ground in the center of campus; it rang to start and dismiss classes in those early days. Today, it is located at the Lewis Alumni Centre. A member of the Student Alumni Connection rings it after a WSU football win.

## THE COUGAR MASCOT

In 1927, Governor Roland Hartley presented a cougar cub to the students of the University. This first cougar mascot was called Butch, to honor Herbert "Butch" Meeker of Spokane, who was WSU's football star at the time. Butch II was presented to the students by Governor Clarence D. Martin in 1938. Butch III and IV were twin cubs, presented by Governor Arthur B. Langlie in 1942. Governor Langlie presented Butch V in 1955. Butch VI, the last live mascot on campus, died in the summer of 1978. He had been presented to WSU by Governor Albert Rosellini in 1964 from the Seattle Zoo. Today, WSU students in a "Butch the Cougar" mascot costume rally school spirit at athletic contests, including football games and other events.

**Matt Potter**

## HEAD COACH

Sixth season • West London, 1992

Entering his sixth season at the helm of the Washington State women's soccer program, head coach Matt Potter has built the Cougars into one of the top programs in the Northwest while competing in the prestigious Pacific-10 Conference. WSU has won 12 conference matches over the last three seasons, more than any other Pac-10 school outside of California.

In 2007, Washington State recorded an 11-5-3 mark, its best record since the 2000 campaign when the Cougars reached the NCAA Tournament. WSU posted its fourth-straight winning season, a first for the program since 1993. The Cougars were 4-4-1 in the Pacific-10, their third-straight record of .500 or better in conference play, and knocked off 2007 national champion USC.

In 2006, the Cougars compiled a 9-7-4 overall mark. After blanking eight opponents in 2005, the WSU defense tied the school record with 10 shutouts in 2006. WSU also posted its second-best Pac-10 finish and best since 2002

after finishing fourth place with a 4-3-2 record.

In 2005, the Cougars were 11-7-2, their best record since the same mark in 2002. It was third time since Pac-10 play began in 1995 that Washington State registered double-digit victories.

In his five years at WSU, Potter has compiled a 45-37-15 overall record and 17-20-8 league mark. He has coached 14 all-conference honorees and 61 Pac-10 All-Academic award recipients.

"I've been very blessed with the staff I have to work with as well as all those in the athletic department," Potter said. "I feel very fortunate to be in my position and I am cognizant of the fact that we are here to win soccer games. On a more important level, however, we are here to develop student-athletes and young women that can go on to bigger

*"I am energized daily by my staff and team. Our staff is very much a working part of the whole that is our team. We are there to guide, develop and nurture our team in an atmosphere that asks all in the group to take responsibility. It is very inclusive; it is not a dictatorship. We want our players to enjoy everything that is WSU. Success doesn't always happen or come without challenges but by creating the right environment and stability we can always press forward if we have a vision, a strong work ethic and ultimately the talent. I believe we have the right mix, blend and potential and with the above in place future successes are not going to be too far behind."*

—Matt Potter, WSU Head Soccer Coach

and better things when they leave. I truly believe our total package makes Washington State a unique and unparalleled experience for any student-athlete."

Potter is a USSAF "A" licensed coach and is currently the Region IV Olympic Development Program (ODP) head coach for the girls '88 age group and has been on the regional ODP staff since 1998. Potter earned the Preliminary and Teaching Awards from the English Football Association.

Before coming to WSU, Potter was the head of the Scottsdale Community College women's soccer team. In just one season at Scottsdale, he led the Artichokes to a 9-7-1 record and to the 2002 ACCAC playoffs.

Potter spent eight years with the Sereno Soccer Club in Arizona where he served as a head coach and trainer. He led his '88 girls team to a Region IV regional second place finish, three third place finishes and four Arizona state titles. His '88 team was consistently ranked as one of the top 10 teams in the nation, and both his '88 team and '84 girls squad were ranked as top 10 teams in Region IV over a five-year period. His '84 team took state seven years in a row. Nine of Potter's players made the Region IV regional team and three made the youth national team pool.

As a central midfielder, Potter competed at the top level of soccer, playing professionally for the Watford F.C. in England. He was a member of the West London squad that won the National British Colleges title in 1991 and played on the Great Britain Students squad, a team made of top college players. Potter also represented England at the U-19 International level. Potter also worked as a community director with the Brentford Football Club in London.

Befitting his educational background, Potter places much emphasis on academics and guides his players on how to excel in the classroom as well as on the playing field. After graduation from West London College in 1992 with an honors degree in physical education and religious, social and moral education, Potter took a position with Noga Soccer in New York and Arizona in 1993, coaching, establishing and developing a curriculum and coordinating clinics and camps.

Potter, a native of Mere, England, is married to Olga and has three stepdaughters, Marissa, Andrea, Valerie and a daughter, Cassidy.

Allison Scurich

## ASSISTANT COACH

First season

*"Allison was an integral part of our program as a student-athlete and she will continue to play a significant role as an assistant coach. She brings a tremendous amount of passion to the field and her knowledge and experiences throughout her time here will be a great asset for our current student-athletes. Allison has seen and lived each change we have implemented as we have developed our program and as a former student-athlete she is aware of how to be successful both on and off the field. Already Allison has made a wonderful impression and her input is already leaving a mark. I am delighted to have her on staff and look forward to a bright future as the relationship between Jason Goodson, Allison and me grows."*

—Matt Potter,  
WSU Head Soccer Coach

After a successful four-year playing career at Washington State University, Allison Scurich returns to her alma mater for her first season as an assistant coach.

Scurich was a standout defender for the Cougars from 2004-07, playing in 73 matches, including 70 starts. Her matches played is tied for eighth and her starts are tied for 11th in WSU history.

# 2008 Outlook

*"I like how the team and ultimately our program continues to establish new standards and make progress. We have an ambitious and passionate group that is set on breaking new ground. We lost some key individuals last fall, but the response of the group and the way in which our players have progressed throughout the spring has me excited for a new season. It will be a fun team to watch and coach. As we grow together the sky is truly the limit. The members of our team have a great competitiveness and maturity about them and, coupled with the staff changes, the energy has been great. We have battles for playing time all over the field and that depth will be tested and needed with the schedule ahead. I've been looking forward to the start of the new season for awhile now and can't wait for it to finally get going."*

—Washington State Head Coach **Matt Potter**

"This is not the first time we find ourselves replacing a record breaking goalkeeper. The battle for the new No. 1 is going to be fun to watch. Under Jason Goodson's direction and with some new training ideas I am intrigued to see how both Lindsay and Stephanie develop. Lindsay came in with great pedigree, pushed last fall for playing time, and has set a high standard for herself. It has been great to see her blossom in confidence. Stephanie joins us from an elite program and team that has performed on the biggest stages and won. You don't do that without a good goalkeeper. The options are bright for the team and I believe we have two individuals that can further the tradition of great keepers here at Washington State."
